CENTRES OF SPECIALISATION (CoS)

Diesel Mechanic		✓	
Electrician	✓		

The Centres of Specialisation are departments within the public TVET College Campuses dedicated to artisan development training in partnership with employers. These centres strive to produce successful quality artisans in one or more of the priority trades. CoS programmes ensure a closer working relationship with industry, training centres and the Post School and Training Sector (PSET).

The curriculum offered consists of occupational qualifications designed by industry, for industry and registered with the Quality Council for Trades and Occupations (QCTO).

NB! Please take note that some of these programmes are only offered on a project-basis which involves MoUs having been signed with businesses, government departments or other institutions. This implies that although the College has the Programme Approval to offer the programmes, these are not currently offered to the public.

The College reserves the right to only offer occupational learning programmes that are demand-driven, justified by student numbers and to change location/venue of the programme offering.

ORBIT TVET College is accredited and has obtained programme approval from various SETAs to offer a number of occupational programmes. These programmes may be offered, either as learnerships or as skills programmes (Ts & Cs apply). Programme offering is dependent on funding.
